---

Education

Computer science student at HIT Holon   **2023 - present**
- Completed coursework in Computer Networks, Algorithms, Advanced Programming in C, and more.
- Developed strong problem-solving and optimization skills through algorithmic challenges
- Hands-on experience with low-level programming, memory management, and software development.

Projects

Supervised Learning Project – Regression Model for House Price Prediction | python | link
- Built and tuned regression models using Scikit-learn and GridSearchCV to predict house prices.
- Performed data preprocessing, feature engineering, and exploratory analysis with Pandas, Seaborn, and Matplotlib.
- Achieved an R^2 of 0.65 on test data, demonstrating solid predictive performance on a complex, real-world dataset.

Intelligent Robotic Arm for Color-Based Object Sorting | link

- Integrated Arduino and ESP32 microcontrollers with the Seeed Grove Vision AI module for real-time color detection and motion control.
- Built a React web interface enabling manual servo control, calibration, and live system monitoring.
- Implemented dual operation modes:
  Automatic mode – detects object color and performs pick-and-place actions into color bins.
  Manual mode – allows remote servo manipulation and preset motion execution.

Work Experience

Mainframe backend developer at the IDF   **2020 - 2023**
- Analyzed, developed, and maintained backend programs in a PL/I derived language within an IBM Mainframe environment.
- Modified and adapted programs to align with new wage policies.
- Troubleshot and resolved program malfunctions, providing direct support to customers.
- Collaborated with internal bodies to define requirements and implement solutions.
- Mentored and trained new soldiers in development protocols and job responsibilities.

Technical Skills
- **Languages** : JavaScript, HTML/CSS, C/C++, Python, SQL
- **Frameworks & Libraries**: Node.js, React
- **Hardware & Other:** Arduino, ESP32, IBM Mainframe, Seeed Grove Vision AI

Languages
- **Hebrew** – native
- **English** - Professional working proficiency
- **Spanish** – Elementary
